

Understanding the world

Children will learn:

- the names of the seven continents
- find out about different animals and landmarks of each continent
- create and make different creations linked to that continent
- explore the different climates on each continent

Relationships, Health and Social, Education Changes

Children will be focusing on change and the changes they have experienced in their lives. They will discuss how changes in their lives make them feel and set their own personal goals for the future.
Transition

Physical Education

Wednesday - Tennis
Drawing club, sticky kids, write dance and dough disco.
Outdoor learning

Animal Kingdom
